To the knowledge of the undersigned, this Information Disclosure Statement is being filed before the mailing date of a first Office Action on the merits for the above-referenced application.

Each document listed in this Information Disclosure Statement was first cited in an Office Action from the Chinese Patent Office in a counterpart foreign application.

A copy of the listed non-English document is attached. In lieu of a statement of relevance or translation of the non-English document, an English language version of the Office Action citing this document and setting forth the relevance thereof is

enclosed. The Office Action is also included on the attached listing. Applicants do not necessarily endorse the conclusions set forth in the Office Action.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that the listed documents are material or constitute "prior art." If the Examiner applies the documents as prior art against any claim in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the Patent Office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,
